

The following patient safety CME activities have been approved for the Maintenance of Certification in Anesthesiology™ (MOCA®) program. The patient safety CME requirement is 20 credits during the 10-year MOCA cycle. Click on the blue links to access the course information.

## **ABA-APPROVED PATIENT SAFETY CME:**

### **[ASA 2018 Fundamentals of Patient Safety \(10 credits\)](#)**

### **[National Patient Safety Foundation \(NPSF\) Online Patient Safety Curriculum](#)** (10 credits)

### **[ASA 2015 Patient Safety Highlights - Full Subscription](#)** (15 credits)

### **[ASA 2016 Patient Safety Highlights - Full Subscription](#)** (14 credits)

### **[ASA 2017 Patient Safety Highlights - Full Subscription](#)** (14 credits)

### **[ASA Anesthesia SimSTAT](#)** (5 credits per module)

### **[ASA Improving Patient Safety through Neuromuscular Monitoring](#)** (10 credits)

### **[ASA Safety and Efficacy of the Reversal of Neuromuscular Blockade in the Outpatient/Ambulatory Setting](#)** (10 credits)

### **[Armstrong Institute for Patient Safety and Quality](#)**

- Becoming a Patient Safety Hero (0.75 credits)
- Foundations of CUSP (5 credits)
- Patient Safety Certificate Program (18.5 credits)
- Patient Safety Essentials Plus (9.75 credits)
- Patient Safety Essentials (6 credits)

### **[FluoroSafety](#)**

- Advanced Training Program on the Safe Use of Fluoroscopy (8 credits)
- Basic Training Program on the Safe Use of Fluoroscopy (4 credits)
- Establishing a Patient Safety Program (2 credits)

### **[Institute for Healthcare Improvement](#)**

- PS 101: Introduction to Patient Safety (1.5 credits)
- PS 102: From Error to Harm (1 credit)
- PS 103: Human Factors and Safety (1 credit)
- PS 104: Teamwork and Communication in a Culture of Safety (1.25 credits)
- PS 105: Responding to Adverse Events (1.75 credits)
- PS 201: Root Cause and System Analysis (1.5 credits)
- PS 202: Building a Culture of Safety (1.25 credits)
- PS 204: Preventing Pressure Ulcers (1.5 credits)

### **[Mayo Clinic Applied Quality Essentials](#)** (10 credits)

### **[MOCA Simulation Courses at ASA-Endorsed Centers](#)** (6 – 8 credits: if provided by center)

### University of Michigan Faculty only

- Patient Safety Committee Meeting (2 credits)
- Root Cause Analysis Workshops (7.5 credits)

### VHA DAARC Faculty only (6 credits)

Additional ABA-approved patient safety activities can be found using [Accreditation Council for Continuing Medical Education \(ACCME®\) CME Finder](#).

## 2018 MEETINGS:

### 2018 CSA Winter Anesthesia Conference (Jan. 22-26, 2018)

- 2500 Trauma Deaths: Lessons Learned (1 credit)
- Burnout – The New Epidemic (1 credit)
- Evidence-Based Update on Improving Outcomes with Regional Anesthesia in Enhanced Recovery after Surgery (ERAS) Pathways (1 credit)
- Giving Bad News - A Talk About How to Give Bad News to Patients, What They Want, and Family Presence During Resuscitations (1 credit)
- Patient Safety – Not Only Are Checklists Boring, They Are Not Enough (1 credit)
- Practical Tips That You Can REALLY USE to Improve Your Obstetric Anesthetic (1 credit)
- The Surgical M & M: An Anachronism or the Key to Quality Care (1 credit)
- Update - Enhanced Recovery After Surgery or Perioperative Surgical Home – You Decide (1 credit)
- What is a Family-Centered Cesarean and How Can You Implement This into Your Practice? (1 credit)

### 2018 ASRA World Congress on Regional Anesthesia and Pain Medicine (April 19-21, 2018)

#### Thursday (max. 4.25 credits)

- PS-01a RA-Acute Pain Parallel Session, Block Success: Needle and Injection Endpoints (1.75 credits)
- PS-01d RA-Acute Pain Parallel Session, Pediatric Regional Anesthesia and Pain Management SIG Panel (1.75 credits)
- PS-02a RA-Acute Pain Parallel Session, Block Safety: Neurologic Complications (1.5 credits)
- PS-02d RA-Acute Pain Parallel Session, Perioperative Point-of-Care Ultrasound SIG Panel (1.5 credits)
- PBLD-04 Nerve Injury After Regional Anesthesia: Best Practices and Medical and Legal Perspectives (1 credit)
- PBLD-06 Persistent Headache After One Epidural Blood Patch: What to do Next? (1 credit)
- PBLD-08 Don't Block that Patient: He May Develop a Compartment Syndrome! (1 credit)

#### Friday (max. 4.5 credits)

- PS-06e Chronic Pain Parallel Session, Intrathecal Therapy Panel (1.5 credits)
- PS-07b Chronic Pain Parallel Session, The Opioid Epidemic: Global Perspective on the Appropriate Use of Chronic Opioids (1.5 credits)
- PS-08a RA-Acute Pain Parallel Session, Pharmacology Update: Hemostasis Altering Drugs and Regional Anesthesia Safety (1.5 credits)

#### Saturday (max. 4.5 credits)

- PS-09d RA/Acute Pain Parallel Session, Obstetrics Forum (1.5 credits)
- PS-11a RA/Acute Pain Parallel Session, Complications After Regional Anesthesia and Surgery (1.5 credits)
- PS-11b Chronic Pain Parallel Session, Complications of Chronic Pain Management and Medico-Legal Cases (1.5 credits)
- PS-12a RA/Acute Pain Parallel Session, Regional Anesthesia Related Complications and Medico-Legal Issues (1.5 credits)
- PS-12d Chronic Pain Parallel Session, Marijuana and Cannabinoids in Chronic Pain Management (1.5 credits)

## [2018 ASA Annual Meeting \(Oct. 13-17, 2018\)](#)

- Please click the above link to see their brochure with all MOCA® Part II and Part IV sessions offered.

## [UC Davis Health 29th Annual Anesthesiology Update \(Nov. 2-4, 2018\)](#)

### Friday (max. 8.0 credits)

- Anesthesia Potpourri (Acute Pain Pearls, PACU Emergencies, Applications of POCUS, Anesthesia & Cancer Surgery, etc., etc.) (2.75 credits)
- Perioperative Atrial Fibrillation: Review and Update (0.75 credits)
- DIASTOLIC DYSFUNCTION: What should I call it? How do I measure it? Why do I care? (0.75 credits)
- POCUS: Practical Applications of Ultrasound for the Perioperative Physician (0.75 credits)
- Ultrasound Applications for the Anesthesiologist (3 credits)

### Saturday (max. 5.5 credits)

- Developing a Model for Perioperative Glycemic Control (1 credit)
- Marijuana Legalization: Anesthetic Considerations (1 credit)
- Pediatric Video Laryngoscope Versus Direct Laryngoscope (0.50 credits)
- Safe Standards and Advances in Non-Operating Room Anesthesia (0.50 credits)
- Vital Signs are Vital...aren't they? (0.50 credits)
- Oxygenation – something old, something new, something borrowed (1 credit)
- Yes, you can? Changing the outcome of your cancer patients (1 credit)

### Sunday (max. 2.0 credits)

- Healer Heal Thyself: The Concept of Personal Well Being. Really! Burnout, Depression and Substance Abuse (2 credits)

## [2018 ASRA Pain Medicine Meeting \(Nov. 15-17, 2018\)](#)

### Thursday (max. 5.0 credits)

- 12:15 p.m., PBLD-06, Intrathecal Management Pearls: When to Accept Outside Pump Patients and How to Avoid Complications (1 credit)
- 12:15 p.m., PBLD-07, DRG Stimulation: Trials and (Implant) Tribulations (1 credit)
- 12:15 p.m., PBLD-08, Logistics and Experiences with Lidocaine and Ketamine Infusions for Acute and Chronic Pain Conditions (1 credit)
- 12:15 p.m., PBLD-10, Should I Become a Surgeon? Implanting vs Referring in a New Practice, Infection Control, and Best Practices (1 credit)
- 12:15 p.m., PBLD-13, Prescribing Opioids for the Patient Using (Legal) Marijuana: Is It Safe? Are You Safe? (1 credit)
- 12:15 p.m., PBDL-14, Can't Miss Headache Diagnoses (1 credit)
- 1:30 p.m., Refresher Course, Opioids: Adapting to a New World with Novel Targets (2 credits)
- 3:45 p.m., IS-04, Maintaining Resolve in Controlled Substances: Risk Management, Abuse, Diversion, and Detoxification (2 credits)

### Friday (max. 5.25 credits)

- 8 a.m., PLEN-01, Osteoarthritis of Major Joints: Role of Interventions in the Continuum of Care (1.75 credits)
- 10:30 a.m., PS-01a, Role of Ketamine in Changing the Course of Pain and Function (1.75 credits)
- 10:30 a.m., PS-01b, Palliative Medicine and Cancer Related Pain: From Illness to Survival and Beyond (1.75 credits)
- 4:15 p.m., PS-03b, Pediatric Chronic Pain: Merging our Knowledge to Treat a Growing Problem (1.75 credits)

### Saturday (max. 3.50 credits)

- 8 a.m., Plen-02, Opioids and Cannabinoids: National Focus (2 credits)
- 3:30 p.m., Plen-05, Intrathecal Drug Delivery in 2018: Mechanisms, Guidelines, and Practice (1.5 credits)

### **2018 NYSSA PGA Meeting (Dec. 7-11, 2018)**

- SP-01 - Anesthesia: Beyond the Operating Room (2.5 credits)
- SP-04 - AACD Panel: Operating Room, Patient Safety and Practice Management (2.5 credits)
- SP-13 - ASA Panel: The ASA Response to the Top Patient Safety Issues (2.5 credits)
- SP-17 - The Future of Opioids in Anaesthesia (2.5 credits)
- SP-20 - A New Frontier in Patient Safety: Perioperative Brain Health (2.5 credits)
- SP-28 - Best Practices in Ambulatory Surgery Patients (2.5 credits)
- FS-02 - The Impaired Physician: Issues of Professionalism: The Aging Practitioner, the Impaired Physician, Can We Achieve Physician Wellness in the Workplace (1.25 credits)
- FS-08 - Operating Room Management: Efficiency and Patient Safety (1.25 credits)
- FS-15 - The Anesthesia Work Station and Safety Issues: Are Our Patients Safer? (1.25 credits)
- FS-23 - Update on Infection Prevention for the Anesthesia Professional (1.25 credits)

## **2019 MEETINGS:**

### **2019 ASRA Regional Anesthesiology and Acute Pain Medicine Meeting (April 11-13, 2019)**

#### **Thursday (max. 6.0 credits)**

- Refresher Course, Regional Anesthesia: Anatomical Updates (1.5 Credits)
- Refresher Course, Opioid Epidemic: Defining the Problem (2.0 Credits)
- Refresher Course, Opioid Epidemic: The Acute Pain Physician Bending the Curve (1.5 Credits)
- PBLD-02, Assessment and Management of Neurologic Deficits (1.0 Credit)
- PBLD-18, State of the Art in Amputation Pain: How to Prevent and Manage Phantom Pain (1.0 Credit)
- PBLD-19, How to Evaluate Respiratory Distress After an Upper Extremity Block (1.0 Credit)
- PBLD-20, Should Non-Anesthesiologists be Performing Regional Anesthesia? (1.0 Credit)

#### **Friday (max. 1.5 credits)**

- PS-01a Parallel Session, From the Upside-Down: Regional Anesthesia as Seen from the Other Side (1.5 Credits)
- PS-01b Parallel Session, Managing Failure and Complications in Regional Anesthesia (1.5 Credits)

#### **Saturday (max. 3.0 credits)**

- PS-05b Parallel Session, Pediatric Regional Anesthesia SIG (1.5 Credits)
- PS-08a Parallel Session, Interactive Session: Pro/Con Controversies in Regional Anesthesia (1.5 Credits)
