MOCA PART 4: PRACTICE PERFORMANCE ASSESSMENT AND IMPROVEMENT HOW TO COMPLETE AN ATTESTATION

To fulfill the attestation requirement, you must complete an online form through your personal portal account to provide information on your clinical activity and attest to your practice improvement activities. You will also be required to submit three references to confirm your clinical activity.

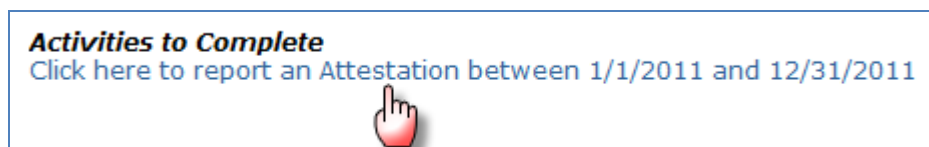

Step 1: Log into your personal portal account through the ABA's website at www.theABA.org.

Step 2: Once logged in, click on the link labeled "Review your Maintenance of Certification Progress Report" found under the heading "As a MOCA participant, you can..."

Step 3: Go to Section 4 (at the bottom of the page) and click on the link under "Activities to Complete"

Items Needed to Complete Online Attestation Form:

- Your clinical activity information including your primary practice type (i.e. Anesthesiology, Critical Care Medicine, Pain Medicine, etc.) and how many days per week you practice.
- Contact information for 3 references including name, medical degree, institution, address, phone and fax.
 - Institution Based – Chief of Anesthesia, Practice Group President, Medical Director, etc.
 - Office Based – Three physicians who refer patients to your practice
(*These contacts should not be staff anesthesiologists as the attestation is not a peer review.*)

Upon successful completion of the online attestation form, the ABA will solicit references from the physician contacts you submitted. This process will take approximately four weeks to complete. Once the ABA has completed your evaluation, the results will be posted on your MOCA Progress Report available on your personal portal account.

If you have any questions, please contact the ABA Communications Center at (866) 999-7501.
