Reported Medical Licenses

**IMPORTANT**
Candidates for initial certification and ABA diplomates must report the state/province, license number, issue date and expiration date, for **every** U.S. or Canadian license you hold or have held at any time.

DO NOT report training licenses.

Candidates for initial certification and ABA diplomates have the affirmative obligation to advise the ABA of any and all restrictions placed on any of their medical licenses and to provide the ABA with complete information concerning such restrictions with 60 days after their imposition.
